Divine Providence Convent High School

- Percentage: 81.60 %

April -2019
Belgaum, Karnataka

Technical Skills:

- Technical Skills: Python, Java, Basics of MySQL, C, Cloud Computing.
- Tools: MySQL, Visual Studio
- Web Technologies: HTML, CSS, JavaScript
- Operating Systems: Windows.

Skills:

- Process Workflow development
- Leadership
- Communication
- Team Work
- Active Listener

Work Experience: Fresher

Internship:

**Prodigy InfoTech
2024**

April 2024 – May

Technologies: Web Development.

- Learned basics of front-end development and built simple projects using HTML, CSS, and JavaScript.
- Gained exposure to responsive design, user interface building, and version control practices.

Projects:

- Tic Tac Toe Game
Two-player web game using HTML, CSS, and JavaScript with win/tie logic and turn indication.
- Stopwatch Application
Built a functional stopwatch with start, stop, and reset features, reinforcing time handling in JavaScript.
- QR Generator
Developed a responsive QR Code Generator using HTML, CSS, and JavaScript to dynamically generate codes from user input.
- GYM Website
Designed a responsive gym landing page with HTML, CSS, and JavaScript, featuring interactive sections, registration functionality, and a clean, user-friendly interface. This website demonstrates my skills in front-end development, responsive design, and user-centric interface design.
